## Glossary

**Adjustments budget** – Prescribed in section 28 of the MFMA. The formal means by which a municipality may revise its annual budget during the year.

**Budget** – The financial plan of the Municipality.

**Capital expenditure** - Spending on assets such as infrastructure, land & buildings minor assets etc. Any capital expenditure must be reflected as an asset on the Municipality's statement of financial position.

**DORA** – Division of Revenue Act. Annual legislation that shows the total allocations made by national to provincial and local government.

**Equitable share** – An unconditional grant paid to municipalities. It is predominantly targeted towards funding the Indigent Policy.

**FMG** – Financial Management Grant.

**GFS** – Government Finance Statistics. An internationally recognized classification system that facilitates like for like comparison between municipalities.

**GRAP** – Generally Recognised Accounting Practice. The standard for municipal accounting.

**IDP** – Integrated Development Plan. The main strategic planning document of the Municipality.

**MBRR** – Local Government: Municipal Finance Management Act (56/2003): Municipal budget and reporting regulations.

**MFMA** – Local Government: Municipal Finance Management Act (56/2003). The principle legislation relating to municipal financial management.

**MIG** – Municipal Infrastructure Grant.

**MTREF** – Medium Term Revenue and Expenditure Framework (MTREF). The medium term financial plan, usually 3 years, based on a fixed first year and indicative further two years budget allocations. Also includes financial information of the previous and current year.

**Operating expenditure** – Spending on the day to day expenses of the Municipality such as salaries and wages, repairs and maintenance etc.

**Rates** – Local Government tax based on the assessed value of a property. To determine the rates payable, the assessed rateable value is multiplied by the rate in the rand.

**SDBIP** – Service Delivery and Budget Implementation Plan (SDBIP). A detailed plan comprising annual and quarterly performance information.

**Strategic objectives** – The main priorities of the Municipality as set out in the IDP. Budgeted spending must contribute towards the achievement of the strategic objectives.

**Vote** – A main appropriation segment of the budget. In Umsobomvu Municipality this relates to the directorate level for operating expenditure and the GFS classification for capital expenditure.

**YTD** – Year to date

## **PART 1 – IN-YEAR REPORT**

### **Mayor's Report**

#### ***1.1 In-Year Report – Monthly Budget Report***

##### **1.1.1 Implementation of the budget in accordance with the SDBIP**

The results of the SDBIP for the fourth quarter ended 31 December 2015 will be tabled in a separate comprehensive report to council.

##### **1.1.2 Financial problems or risks facing the municipality**

None. All the major sources of revenue are currently within acceptable norms.

##### **1.1.3 Other relevant information**

Actual operating revenue at the end of December 2015 is at 31.3% of the budgeted revenue. The expenditure reflects spending of 23.44% against the budgeted expenditure. Capital expenditure amounts to R19.140m, or 33.42%, at the end of December 2015.

Outstanding consumer debtors remain stable and only reflect the year-on-year increase from increased tariffs as from 1 July 2015.

The positive cash flow remains stable.

## **Resolutions**

### ***IN-YEAR REPORTS 2015/2016***

This is the resolution that will be presented to Council when the In-Year Report is tabled:

#### ***RECOMMENDATION:***

1. That the report for the quarter ended December 2015, prepared as part of the financial reporting obligations arising from the Local Government: Municipal Finance Management Act, 2003, **be noted**.

This table reflects the operating budget (Financial Performance) in the standard classifications which are the GFS Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions. The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services.

It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

The operating expenditure budget is approved by Council on the municipal vote level. The municipal votes reflect the organisational structure of the municipality which is made up of the following directorates: Council; Municipal Manager; Finance & Admin; Community Services; Technical Services.

Unauthorised expenditure by year end would occur either for the municipality as a whole if the adjusted budget for 'Total Expenditure by Vote' or if any of the individual budgets for any specific vote/s were overspent. During the financial year some of the figures are influenced by transactions that occur annually only.

## **REPORT ON THE FOLLOW-UP OF OUTSTANDING DEBTORS**

### **Background**

On requesting assistance from the MFIPII Programme the municipality indicated as follows in its expression of interest:

“The Umsobomvu municipal area is experiencing a sharp decline in economic activity due to major upgrades to the N1 and Doringkloof Nature Reserve that created 400 jobs that has been completed. This sudden increase in indigent consumers and the decline in consumption by business have placed the municipality’s finances under severe pressure. The council needs guidance and assistance to innovate new ways to create jobs and to adapt its own finances to the decline in cash-flow due to payment levels that is declining. Part of this problem is the data of the municipality that is incomplete and not all possible billing is done. It is estimated that approximately 2000 consumers are not on the database or are not billed for all services delivered. The municipality requires guidance and advice on how to implement remedial action as although the finance staff is financially qualified they lack the practical experience to address a problem of this nature.”

The municipality therefore identified the following strategy to address the challenge:

“The advisor to provide guidance and advice on policy and procedures to update consumer database and to assist and guide procedures to ensure that all data and consumers is manage and captured on the financial billing system. The advisor to provide training on maintaining a complete debtor consumer database and to establish procedures for new debtor/new household management.”

### **Discussions**

To understand the processes the advisor have several meetings and interviews with the CFO, Deputy CFO and chief clerk: credit control. The following assessment was made by the advisor:

A rates reconciliation was compiled by the service provider responsible for compiling the AFS for the 2013-2014 financial year and was audited by the Auditor-General with no exceptions. The audit opinion will therefore for the interim period be used as assurance that all erven in the municipal area are billed for property rates.

### **Current Debt Collection Processes**

Debt collection is currently done by the chief clerk: credit control and three credit controllers for Colesberg, two credit controllers for Noupoot and one for Norvalsport. The following processes are followed by the credit control section:

A disconnection/cut-off report, B650/000643, in hardcopy is printed on a monthly basis by the Section Head: Budget and Credit Control. The credit controllers are compiling the disconnection / cut-off lists per ward from the printed list that is been followed up by the credit controllers.

### **Proposed amended debt collection procedures**

The disconnection/cut-off report, B650/000643 includes all outstanding debtors above R500 and therefore also indigents. To have effective debt collection there should be a split between indigent debtors and debtors that are able to pay. The identification of the indigent debtors are completed.

The following schedule reflected the indigents that apply for the 2015-2016 financial year as per the attached Annexure A:

Area	Total on ABAKUS	Billed for 2015-2016	Billed for four services	Not billed for four services	Not billed for 2015-2016
Colesberg Municipal	1304	962	924	38	342
Colesberg Eskom	655	413	322	91	242
Colesberg 99 Indigents	120	5	3	2	115
Noupoort Municipal	79	71	66	5	8
Noupoort Eskom	396	291	277	14	105
Noupoort 99 Indigents	123	3	0	3	120
Norvalspont	160	126	117	9	34
<b>Total</b>	<b>2837</b>	<b>1871</b>	<b>1709</b>	<b>162</b>	<b>966</b>

The comparison between the indigent applications and indigent register could not be completed by the time this report was finalised. All forms are loaded on the ABAKUS system and is therefore used to give a true reflection of the approved indigents.

During the process the following challenges aroused:

- Indigents from previous years (966) still on the financial system ABAKUS (no new applications received for these consumers).
- 162 indigents not subsidised for at least four services (water sanitation, refuse and garden refuse) and should be investigated and rectified.

### Other Challenges

The following challenges needs to be addressed to enable effective debt collection:

- A more holistic approach should be taken on follow-up actions for example start with accounts with no payment history, accounts of deceased consumers (1700), and accounts of consumers that is not traceable (, consumers not paying their current accounts).
- The compilation of the cut-off lists should be done by the Section Head: Budget and Credit Control and Chief Clerk: Credit Control.
- Better coordination of the follow-up actions should be implemented.
- Better managing of the accounts handed over to attorneys.
- Monthly follow-ups of all accounts with arrangements.

### Actions already implemented

- Follow-up lists are compiled by chief clerk: credit control
- Weekly meetings between chief clerk: credit control and credit controllers of Colesberg facilitated by the MFIP II Technical Advisor are held every Friday.
- Credit controllers are in the process of finalising the indigent register to reflect all indigent applications.
- The B550 ABAKUS report will be using to compile follow-up lists
- Follow-ups of consumers handed over to the attorneys will be done on a monthly basis by the chief clerk: credit control.
