#### **5. Steps to be taken before writing-off debt.**

Before any debt can be written-off, all the applicable actions as contained in the approved Credit and Debt collection policy of Council should have been executed/implemented. However, there will be special cases where the Credit and Debt collection policy will not be implemented and replaced by other available administrative procedures.

#### **6. Special cases.**

The allocation of stands and now recently RDP houses by the Directorate Planning and Development, has in some instances resulted in debt raised for the property in the name of the person allocated the house, but who never took occupation due to either one of the following reasons:

- 6.1 Occupation taken up by illegal occupants;
- 6.2 Failure to inform the rightful owner about the allocation;
- 6.3 Alteration of allocation not effected in Council records;

In the above-mentioned cases there will never be a need to implement the Credit and Debt collection policy; therefore write-off should take place immediately when the Directorate involved in the allocation of property issues a memorandum that confirms the above. Furthermore the write-off should be effected and later reported to Council for notification purposes.

#### **7. Amounts above R1 000.00.**

The writing off of individual debt above one thousand rand (R1 000.00) will take place only after the approval of Council, and the writing off of individual debt amounting to

one thousand rand (R1 000.00) and below will be effected after the approval of both the Municipal Manager and Chief Financial Officer.

**8. Bad Debts Recovered.**

The approval of Council for the write-off of any debt does not mean that actions to recover the money will be terminated, however further actions will be instituted depending on the costs involved and if debt is recovered it will be recorded in the financial records of Council as recovered.

**9. Interest.**

Interest levied on accounts as a result of an error from Council's side will be written-off.
